**Incident: Cache Creek Fire  
 IARR: Doug D'Amore**

**Location: Parachute, CO**

Crew	Status
<b>MOCC#4</b>	Crew is assigned to the Cache Creek Fire. Crew is assigned to Division Z constructing indirect fireline. Crew was going to be reassigned but is remaining on the fire due to increased fire activity.

**Incident: Ten Mile  
 IARR: Bill Greaves/Rick Maier**

**Location: Eureka, MT**

Crew	Status
<b>MDS#2</b>	Incident assignment; Assigned to Div. Alpha. Continue to use direct and indirect tactics taking advantage of existing roads, dozer lines, and natural barriers. Conduct burnout operations as needed. Use aviation resources to slow the fire. Improve around values at risk and point protection for 30 feet around white pine trees.

**Incident: Garden Creek**  
**IARR: Bill Greaves/Rick Maier**

**Location: Ronan, MT**

Crew	Status
<b>NHS#2</b>	Incident assignment; Hold the line and support burn out operations on Div. Alpha.

**Incident: Copper Mountain**  
**IARR: Bill Greaves/Rick Maier**

**Location: Bonner's Ferry, ID**

Crew	Status
<b>DES#2</b>	Incident assignment; Construct line on both flanks and hold.
<b>PAS#5</b>	Incident assignment; Construct line on both flanks and hold.

**Incident: Davis**  
**IARR: Bill Greaves/Rick Maier**

**Location: Yaak, MT**

Crew	Status
<b>OHS#3</b>	Incident assignment; Continue hot spotting the entire line. Reinforce lines with water on the southeast. Construct line with crews and heavy equipment in dense timber on the north. When possible, use direct attack.
